These categories have increased annually since 2010.

Total sales tax has increased 77% over the past nine years or \$1,332,327. The annual average increase is \$148,036. The increase from 2017 to 2018 was \$241,948.

The Liquor/Fuel/Auto/Convenience Store and Grocery category represents 51% of the total collected for 2018 and has increased \$572,702 or 59% over the past nine years (6.56% annual average increase).

Restaurants/Bars are the second largest category at 13% of the total collected for 2018. It has experienced a 81% increase in sales tax from 2010 or \$174,683. over the past eight years.

General fixed retail the third largest category at 12% of the total has experienced an overall growth of 93% or \$165,432 over the past nine years.

This category increased 25% from 2017, the majority in the increase attributed to the opening of a new retail outlet.

Construction while not consistently higher every year did surpass Utilities in 2018 and has improved 107% from 2010.

Utilities/phones/communications remains a strong category but fluctuates over the years. The decrease in 2018 was due to "vendor refunds" by the State.

Lodging and nightly rentals is 20% more than 2017 and increased \$145,309 or 263% since 2010.
