**Town Board  
Town of Granby  
P.O. Box 440  
Granby, Colorado 80446**

We have audited the financial statements of Town of Granby (the "Town") for the year ended December 31, 2024. Professional standards require that we provide you with the following information related to our audit.

### *Qualitative Aspects of Accounting Policies*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town are described in the Notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements was (were):

Estimated useful lives for depreciation on fixed assets: Management's estimate of depreciation is based on industry practice and experience. We evaluated the key factors and assumptions used to develop the useful lives used in determining depreciation and found that it is reasonable in relation to the financial statements taken as a whole.

Allowance for Uncollectible Accounts: Management's estimate of uncollectible accounts receivable (\$25,523 at December 31, 2024) is based on their experience with customers and developers, together with actual collections history since year-end. We believe this estimate is reasonable relative to the financial statements taken as a whole.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Member: American Institute of Certified Public Accountants*

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The following adjustments have been posted and reflected on the Town's financial statements:

- To capitalize assets and record depreciation.
- To allocate interest income between funds.
- To record accruals for sales tax and adjust deferred revenues.
- To accrue retainage on capital projects.
- To defer utility billing receivables for the subsequent year.
- Adjust accrued sick and vacation.
- Adjust accrued wages at year end.

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

As is required in an audit engagement we have requested certain representations from management that are included in the management representation letter.

This report is intended solely for the information and use of the Town Board, management, and others within the organization and is not intended to be, and should not be, used by anyone other than those specified parties.

Sincerely,
