JANUARY - MARCH 2026

COMMUNITY DEVELOPMENT DEPARTMENT

The Town of Granby has established a **Community Development Department** to guide it's planning, zoning, building, STR and code enforcement activities. Stay tuned for updates to the Town's website.

Starting February 1, 2026 all building permit applications will be submitted to the Town of Granby Cloud Permit portal. Permits will no longer be submitted to the Town of Winter Park. All submissions will be reviewed and coordinated in the Cloud Permit application with the Town of Granby being the primary point of contact for submissions. Plan review is being completed by the Grand County Building Department and inspections are being done by the Town of Granby inspection staff. Applicants will receive the majority of communications, make payments, and access documents through the Cloud Permit portal. **For further information, please contact 970-887-2501**

WINTER PARKING REMINDER

Overnight parking is not permitted on town streets during the winter months. This allows snow removal equipment to clear roads efficiently during the early morning hours.

Please help our crews by ensuring that vehicles, garbage cans, and other obstacles are removed from roadways between **2:00 AM and 7:00 AM**.

When plowing is required, snow berms may be created along driveways. While crews do their best to minimize this, it cannot always be avoided. Removal of these berms is the responsibility of the property owner.

Additionally, snow may not be shoveled or blown into the street. Please place snow within your own yard.

Thank you for your cooperation and for helping keep our roads safe and clear this winter!

TOWN CLERK

Board of Trustees Meetings occur the 2nd and 4th Tuesday of every month. Planning Commission meetings are held on the 1st Monday of every month unless no applications are received.
